

## Facebook for Canadian Genealogy

Facebook has become a place where genealogists come together in an enormous virtual genealogy society to share, learn, and discuss brick walls.

Here you will find a list of Canadian genealogy and historical pages and groups on Facebook, in English and French, that may help with our research. The list also includes archival centres and museums that offer genealogical and historical resources.

I encourage you to share this list with others, but please credit me, Gail Dever. Suggestions for additions to this list or broken links should be sent to: [gaildever@genealogyalacarte.ca](mailto:gaildever@genealogyalacarte.ca). Every few months, I will published an updated list.

Thanks to Katherine R. Willson whose list of English-language genealogy-related Facebook pages and groups from around the world inspired me to create one focused on Canadian pages and groups that are available in both English and French. It was Katherine who suggested I produce this list.
